To secure a challenging position as a software developer in a dynamic and innovative company, where I can apply my technical skills and knowledge to contribute to the development of cutting-edge software solutions. I am eager to learn and grow in a collaborative environment, while leveraging my strong problem-solving abilities and passion for coding to create impactful software applications.

Education

Bhashyam Educational Institutions   05/17 - 06/18
10th SSC - 8.7 GPA

Gowtham Junior College   06/18 - 06/20
Mathematics, Physics, Chemistry - 75%

CMR Group of Institutions   05/20 - 06/24
B.tech in Data Science - 6.83 GPA

Key Skills

- SQL
- PYTHON
- MS EXCEL
- DATA VISUALIZATION
- DATA MINING
- DATA ANALYTICS

Projects

- Major Project: Missing child identification System using deep learning & Multiclass SVM.

- The Major objective is to find the missing child using the deep learning algorithms and multiclass SVM.This is an ambitious project with a social impact that aims to assist missing children identification.

- Social Engineering In Cyber Security Effect Mechanisms, Human Vulnerabilities and Attack.

- Social Engineering attacks have posed a serious security threat to cyber space. However, there's so much we have yet to know regarding what and how lead to the success of social engineering attacks.

Summary

- I have been well trained and well equipped with the systematic and technical content & knowledge of Data

- I have inculcated and grew my skills over the past few years in Data Analytics & Data Science which will provide the organization with the best output and will reach the organization's targets and expectations. Coming to my strengths, I'm very good at my basics & languages such as SQL, Python & Data Interpretation.
- I have few skills which I'm very much known for and have a very much creative capability when it comes data visualization and dashboard creation with an immense amount of desire to derive insights from datasheets.
- I'm very much equipped with the work which is assigned to me and will work hard towards the growth and development professionally and personally. I have sheer will and commitment towards my work and assignments and will take complete responsibility and authority over it.
